SUMMARY

MCA postgraduate and Mathematics graduate student with strong foundation in software development, Python programming, JavaScript, and backend technologies. Skilled in problem solving, logical reasoning, and developing user-focused applications using modern technologies. Seeking an opportunity to apply technical and analytical skills, contribute to innovative software solutions, and grow in collaborative work environment

TECHNICAL SKILLS

- | | |
|-------------------------|---|
| • Programming Languages | Python, C, Java |
| • Web Technologies | HTML, JavaScript, CSS, React.js, node.js |
| • Databases | MySQL, MongoDB |
| • Tools & Platforms | Git, GitHub, VS Code |
| • Core Concepts | Object-Oriented-Programming, SLDC, Agile, Scrum |

EDUCATION

Master of Computer Applications (MCA)	2024 – 2026
Sree Narayana Gurukulam College of Engineering, Kolenchery, Kerala CGPA: 8.13	KTU
Bachelor of Science in Mathematics	2021 – 2024
Aquinas College, Edakochi, Kerala CGPA: 6.89	MGU

PROJECTS

Bridge Aid: Donation Management System

- Developed a web-based donation management platform that intelligently matches donated products with the needs of individuals and organizations, improving resource utilization and reducing wastage.

CityReport – infrastructure Reporting System

- Developed a GIS-enabled infrastructure reporting system that allows citizens to report road damage, waste management issues, and public utility faults with precise location tagging.
- Integrated real-time status tracking, issue prioritization, and administrative dashboards to help authorities monitor complaints and improve response times.

CERTIFICATES

Foundation in Cloud IOT Edge ML – NPTEL
Cloud Application Development – Don Bosco Tech Society
