SUMMARY

MCA graduate and Mathematics graduate focused on frontend and full-stack web development. Experienced in building responsive web applications and REST APIs using React, Next.js, TypeScript, Node.js, Express, and MongoDB. Seeking an opportunity to contribute to practical products, grow my technical skills, and work in a collaborative development environment.

TECHNICAL SKILLS

- Frontend React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS
- Backend Node.js, Express.js, REST APIs, JWT Authentication, RBAC
- Databases MongoDB, Mongoose, MySQL
- Tools & Workflow Git, GitHub, Postman, VS Code, Vercel, Agile / Scrum

EDUCATION

Master of Computer Applications (MCA)	2024 - 2026
Sree Narayana Gurukulam College of Engineering, Kolenchery, Kerala CGPA: 8.13	KTU
Bachelor of Science in Mathematics	2021 - 2024
Aquinas College, Edakochi, Kerala CGPA: 6.89	MGU

PROJECTS

Mentor AI — Interactive Programming Learning Platform

Next.js, TypeScript, React, Tailwind CSS, MongoDB, Mongoose, Gemini API, Vitest

- Built an interactive programming learning platform with structured lessons, coding challenges, and an in-browser Monaco code editor.
- Implemented chapter evaluation with deterministic code validation and terminal feedback, with AI-generated mentoring feedback for learner guidance.

CityReport — Smart City Infrastructure Reporting System

React, Node.js, Express, MongoDB, JWT, Postman

- Developed a web application for citizens to report infrastructure issues with images and location details, with dashboards for authorities and administrators.
- Implemented JWT authentication, role-based access control, complaint assignment, and status management across citizen, authority, and admin workflows.

BridgeAid — Donation Management System

Node.js, Express, MongoDB

- Developed a web-based donation management platform that matches donated products with the needs of individuals and organisations.
- Designed backend workflows for managing donation and requirement data to improve resource allocation and reduce wastage.

CERTIFICATES

Foundation in Cloud IOT Edge ML – NPTEL
Cloud Application Development – Don Bosco Tech Society
